25X1 German Democratic Republic [REDACTED]

25X1 CONFERENCE CONCERNING PLANNED EXPANSION OF "EAST" AND "WEST" METALLURGICAL COMBINES (6 pp)

25X1 [REDACTED]

25X1 [REDACTED]

25X1 [REDACTED]

Discussed at the conference were plans for the expansion of the EKO and EW. Plans for construction projects at the EKO were taken up individually for the furnace installations, ore-dressing installations, steel plant, generator installation, rolling mill, and permanent-mold casting foundry. The construction plans for the EW were covered in much less detail. It is stated that the planning of construction and installation projects at the EKO is more advanced than at the EW.
